January 13th, 2015 (Toronto, ON) – You’ve loved them as Carli and Julie Kennedy, but now Victoria B.C.’s sweethearts are making a new name for themselves as [Twin Kennedy](http://www.twinkennedy.com). And with a new name comes new music – their debut single “**It’s a Love Thing**” has already hit the country music airways, while Twin Kennedy is preparing to head across Canada on an intimate acoustic tour in advance of the release of their first LP later this spring.

It surely is a thing of love - from the earliest of ages, Twin Kennedy has held a passion for music as strong as their sisterly bond. As a duo, the two have graced some of the industry’s most highly regarded stages, most notably, Canadian Music Week 2014, Florida’s 2014 Listening Room Festival, Sunfest, Merritt Mountain Music Festival, Vancouver Island Exhibition, the 2010 Vancouver Olympics, as well as the 2014 Live at Heart Festival in Sweden. With a lifetime of experience and two independent EPs as Carli and Julie Kennedy, these sisters are now making themselves known to the world of country music as Twin Kennedy with their debut LP, ***It’s a Love Thing***.

“It really represents the reason that we play music and write songs. What makes us get up on the stage every night and perform – it’s a love thing. What is the main theme of our music – it’s a love thing. What keeps our family and friends close – it’s a love thing. What is the reason to wake up each morning and try to make the world a better place – it’s a love thing,” explains the duo.

Produced by multiple CCMA and JUNO award winning artist **George Canyon** and highly sought producer **Graham Sharkey**, the twins’ debut record delivers nine tracks of heartwarming honesty. Already claiming the #6 spot on the DMDS Most Active Indies list, the title track “It’s a Love Thing” will be available for fans to purchase on iTunes **January 20th, 2015**.
